PROFESSIONAL SUMMARY

Entry-level Frontend Developer with a strong foundation in HTML, CSS, JavaScript, and React, passionate about creating clean, responsive, and accessible user interfaces. Skilled in building reusable components and managing application state in React. Additional knowledge of Python, and SQL enables me to understand backend logic and work with databases effectively. Quick learner looking for an opportunity to apply my technical skills and grow as a developer.

SKILLS

Programming Language: Python
Frontend Technologies: HTML5, CSS3, JavaScript (ES6), React.js,Bootstrap
Backend Technologies: Django (ongoing)
Database: SQL
Tools and Technologies: VS Code, Git, GitHub

INTERNSHIP EXPERIENCE

QSPIDERS - Python Full Stack Development Intern | May 4, 2026 – Present

- Pursuing Python Full Stack Development training with practical learning across frontend development, Python programming, SQL, and backend application concepts.
- Building understanding of responsive web interfaces using HTML, CSS, and JavaScript, alongside database fundamentals and application logic.
- Strengthening knowledge of Object-Oriented Programming, problem-solving, and web development workflows through hands-on practice.

PROJECTS

Advanced Personal Expense Tracker

Technologies Used: React.js, JavaScript, HTML, CSS

- Developed a responsive single-page application to record and manage personal income and expenses through a user-friendly interface.
- Used reusable React components and state management to support dynamic transaction and total updates.
- Designed an organized interface for reviewing spending information and improving usability.

Hospital Appointment Booking System

Technologies Used: HTML, CSS, JavaScript

- Built web pages for doctor listings, appointment booking, and viewing booked appointments.
- Implemented JavaScript form handling, user interactions, and dynamic data display.
- Organized the project into separate HTML, CSS and JavaScript files for better maintainability.

EDUCATION

AVS Engineering College .Salem(Dt) TamilNadu

- B.E. Electronics and Communication Engineering - CGPA: 8.2 - 2022 to 2026

Sri Vidhya Mandir Matriculation Higher Secondary School -Gurusamipalayam.Namakkal (Dt),TamilNadu - Higher Secondary (Maths, Computer Science): 85% - 2022

Sri Vidhya Mandir Matriculation Higher Secondary School_Gurusamipalayam.Namakkal(Dt),TamilNadu - Secondary School: 90%- 2020

CERTIFICATIONS

Python Full Stack Development

- Gaining knowledge in HTML, CSS, JavaScript, Python, Django and SQL for web application development.
- Understanding Object-Oriented Programming concepts and database integration.
