PROFESSIONAL SUMMARY

Entry-level Frontend Developer with a strong foundation in HTML5, CSS3, JavaScript (ES6) and React.js, along with Python and SQL. Experienced in building responsive, user-friendly web applications, and currently learning Django for backend development. Familiar with Git, GitHub and Object-Oriented Programming concepts. Quick learner with strong problem-solving skills, seeking an opportunity to contribute to practical software development projects.

TECHNICAL SKILLS

Programming Language: Python
Frontend Technologies: HTML5, CSS3, JavaScript (ES6), React.js
Backend Technologies: Django (ongoing)
Database: SQL
Tools and Technologies: VS Code, Git, GitHub

INTERNSHIP EXPERIENCE

ROBO MIRACLE TECHNOLOGY PVT. LTD.

- Gained hands-on exposure to robotics and embedded systems development, including microcontroller programming and sensor integration.
- Worked on automation and control projects using Embedded C and Arduino/ARM controllers.
- Developed debugging, circuit-design and hardware-software interfacing skills while collaborating in a team.

PROJECTS

Advanced Personal Expense Tracker
Technologies Used: React.js, JavaScript, HTML, CSS

- Built a responsive single-page application with React.js to record and manage personal income and expenses.
- Created reusable React components and used state management for dynamic updates to transactions and totals.
- Designed a clean, user-friendly interface for easy tracking of daily spending.

Hospital Appointment Booking System
Technologies Used: HTML, CSS, JavaScript

- Built pages for doctor listing, appointment booking and viewing booked appointments.
- Used JavaScript for form handling, user interactions and dynamic data display.
- Organized the project into separate HTML, CSS and JavaScript files for better maintainability.

EDUCATION

AVS Engineering College - B.E. Electronics and Communication Engineering - CGPA: 8.2
Sri Vidhya Mandir Matriculation Higher Secondary School - Higher Secondary (Maths, Computer Science): 85%
Sri Vidhya Mandir Matriculation Higher Secondary School - Secondary School: 90%

CERTIFICATIONS

Python Full Stack Development

- Gaining knowledge in HTML, CSS, JavaScript, Python, Django and SQL for web application development.
- Understanding Object-Oriented Programming concepts and database integration.
- Working on frontend and backend development concepts with real-time practice.

Paper Presentation - Association of Information Technology
Developed research, technical writing and presentation skills, with experience explaining technical concepts clearly.

SOFT SKILLS

Problem Solving, Teamwork, Quick Learning, Communication, Positive Attitude, Time Management

LANGUAGES

Tamil, English
